How a Young Man's Ardent Longing for a Suit of Misfits Got Him Into Jail.

John Frampton Gave a Check to a Crawfordsville Tailor, but He Had No Money in Bank -- Cylinder-Head Went Through the Wall.

INDIANA.

Piano-Seller Arrested for Obtaining Clothes in a Questionable Manner,

Special to the Indianapolis Journal. CRAWFORDSVILLE, Oct. 16.-Last evening a stranger called at Tannerbaum's store and offered a check on Elston Bank to pay for some goods, but as the bank was closed and he was a stranger, they refused to let him have the goods. He then went to the tailor shop of Swank & Clark and purchased goods to the amount of \$22, giving a check on Elston Bank, and signing his name as John C. Frampton. He claimed to be a horse-buyer, and said that he would have a load of horses here by morning. The tailors were not satisfied and, calling at the home or Col. I. C. Elston, it was ascer-tained that no person by that name had money in Elston Bank. He had purchased a mistit suit of clothes of the tailors, which he put on, leaving his old clothes at the tailor shop. Officer Brothers arrested the man at the Junction House. This morning a charge of obtaining money under false pretense was filed against him. He claims to have been intoxicated when he gave the check, and his attorneys say that he did not obtain goods under false pretense, since he had on the suit before he offered the check. He has lived at Springfield. Ill., and was in the piano business at 1202 Franklin avenue, St. Louis. His wife is at Columbus, O. He claims to have money on deposit in the Second National Bank of Richmond, Ky.

Cylinder-Head Blew Out.

Special to the Indianapolis Journal. LAWRENCEBURG, Oct. 16 .- At noon yes terday the cylinder-head of the immense engine in the G. Y. Roots & Co.'s flouring-mill blew out, making a noise like the report of a canon. The engine is of Buckeye pattern, 360-horse power, and was run at the speed of one hundred revolutions per minute. The cylinder-head weighs over five hundred pounds. It crashed through a door and dropped on the sidewalk. The one-and-a-half-inch boits had been torn sway as if they were putty. The damage to the engine is \$500. Fortunately no one

DIPPED IN THE SCHOOL FUND.

Anditor Lavelle Can Tell, Perhaps, What Became of \$95,000-The Infernal Machine.

WASHINGTON, Ind., Oct. 16 .- The alleged shortage of County Auditor Lavelle and burning of the county records the still the subject of much talk. Nobody knows or can give Lavelle's shortage. Experts have been examining such of the records as were not destroyed, and enough testimony was found to show that Lavelle had been very free with the school fund. There ought to be \$97,000 represented by mortgages on property twice its value. Two thousand dollars in cash is left of the fund in the treasurer's office, but \$95,000 is not accounted for to the satisfaction of the examiners.

Some of the incumbrances have been paid to Lavelle and are unreleased on record. Heavy sums have been traced directly to Lavelle himself. It is doubtful if all the truth will ever be known. At the freight depot the wooden box, shipped by express to James C. Lavelle from Chicago, was opened and found to contain a dynamite cartridge six or eight inches long and live inches in diameter. It was loaded and a fuse attached, all ready for use. It was big enough to blow up the court-house. The box was received here since the fire. Lavelle, it is thought, first intended to blow up the court-house, records and all. Harbine and Ledgerwood say such was the case. The cartridge did not get here in time, and kerosene was used in its stead. Lavelle refused to receipt for the box when it came, claiming it was an infernal machine sent by personal and political enemies intended for his destruction. How he knew it was an infernal machine without examination. without examination is a mystery. He claims he is the victim of a plot. The man who shipped the dynamite cartridge to

Lavelle says he sent it on Lavelle's request,

and the letter of request, dated Oct. 5, is expected to reach here to-day.

Fast Track at Cambridge City. Special to the Indianapolis Journal.

CAMBRIDGE CITY, Ind., Oct. 16,-The Park Association began a series of matinee races over the acknowledged best mile track in the United States to-day. Nelson, 2:10, who has been under training at this track for week, trotted a mile 2:1214 with apparent ease, making the first quarter in 31 1/2 seconds. To-morrow he will be driven by his owner, C. H. Nelson, to beat his present mark. Mr. Nelson says the stallion is in fine form and his so confident that the record wil be broken that he has telegraphed some friends to come to see his performance. The track was pronounced the fast est in its history to-day. A corps of men are at work hauling water to-night and every precaution will be taken to have it smooth to-morrow. A number of records made by other horses mark some of then as noteworthy. Results follow:

Valuable Horses Burned. Sabina, O., Oct. 16,-The stable of U. M. Morgan, breeder of trotting-horses, burned yesterday, destroying thirteen valuable trotting and pacing horses and mules. By

a mere accident the famous stallion Harry Strathmore was left in pasture, and so escaped destruction. Among the victims were Nancy Strathmore, vained at \$10,000; Hazard Strathmore, a valuable two-yearold; Arlomus, jr., a halt-brouger of Pinewood, who recently broke the record at Cambridge City, Ind., for yearlings, in 2:314; Startaway, Clinton, Abdallah, Richland King and others. The total loss is

estimated at \$75,000; no insurance. Allerton's Owner Sued for Damages. LOUISVILLE, Ky., Oct. 16 .- George Mastin, a Versailles turfman, has sued C. W. Williams, owner of Allerton, for \$25,000 damages. Mastin attended the race at Independence, Ia., between Allerton and Nancy Hanks. While he was there the grandstand fell and he was crushed under it and permanently injured. Williams owned the track and stand. If Mastin wins it is said other suits will follow.

NEW GRAVES FOR HEROES.

Reinterment of Those Who Fell in Battle with the Indians at Fort Recovery.

FORT RECOVERY, O., Oct. 16 .- For the third and last day of the celebration here the sun rose in a cloudless sky. Promptly at 10 o'clock the procession moved to the grounds. General Shank, of Indiana, was introduced as the first speaker, and his optimistic view of the battle fought here was so widely divergent from all that had gone before that his remarks were received with marked approval by the six thousand people who were present. Colonel Bundy, of Cincinnati, past colonel of the Sons of Veterans, followed briefly pledging that, so far as he could control, the optimistic views should become his. A half dozen others were introduced, but merely recognized the compliment, and with a courtesy sat down. History records that the dead of that bat-

tle were gathered up and buried in pits. But one of those pits has ever been discovered, and that was a hole about ten feet square and located near what was supposed to be the fort limit, and contained as nearly as could be ascertained head. It was said to be the finest heat the remains of 250 men. This pit was disthat has been trotted during the meeting covered by accident in 1851 by boys at play. The remains were carefully gathered from the dirt, being neither in sheet nor in shroud, and all flesh having joined its neighbor dust, and every bone carefully washed and dried. Thirteen comins and a box were made for their reception, and with appropriate ceremonies they were buried in the cemetery in the woods, south of town. There they rested until two weeks ago, when they were taken from their sepulchre. At 12:30 the boxes were closed and placed on a funeral car especially built for the purpose. The pro-cession formed and, headed by a company of Indian militia, with reversed arms marched to the new burying-ground se-cured by the people of this locality and dedicated to the sacred purposes of a resting - place. There they shall rest in honor, and though the names of those who sleep may not be recalled, their deeds will ring down the ages so long as the best traditions of the highest civilization shall demand the consideration of men. This virtually completed the three days' celebration, and the visitors fast took their leparture.

ENEMIES OF THE HUMAN RACE.

Sedition-Spreading Foreigners Held for Tria by a Philadelphia Judge.

PHILADELPHIA, Oct. 16.—Before Judge Biddle to-day a hearing was had on habeas corpus cases in the interest of Julius Moskowitz, Isador Brenner and Morris Gillis, charged with breach of the peace, distributing anarchistic circulars, making incendiary speeches, and inciting to riot, and Jacob Apple, charged with intimidating a witness. The men were the ring-leaders at a socialistic meeting held last Sunday night. The Judge, after hearing all the testimony and arguments of counsel, said that he had no doubt the preaching of their doctrines was seditious. Foreigners come to this country voluntarily, and the first thing they did was to attack our institutions. They were enemies of the human race. He would hold them all for trial.

It appeared from the evidence that a party of Russian Jews calling themselves "Knights of Labor" rented a hall at Third and Gaskill streets in which to hold a Socialist meeting. It is alleged that the meeting was to be a seditious one, and the matter was placed in the hands of the police. "What was the subject of their discourse?" asked the assistant district attorney of one of the officers on the witnessstand during the hearing.

"Don't Lsten to rabbis: don't listen to priests; don't believe in God; and don't believe the police. They condemned rehgion by atheism and anarchy," added the officer. 'They said everything should be free. They did not know any government and they ridiculed the devout Jews. They also condemned the President of the United States, said that his position was useless and that he ought to be killed."

TWICE HANGED.

Bungling Work at the Execution of William Rose-Slowly Strangled to Death.

REDWOOD FALLS, Minn., Oct. 16 .- A dreadful scene was enacted this morning at the execution of William Rose. The prisoner was awakened at 4 o'clock, ate a hearty meal, heard the reading of the death warrant with great cooiness and mounted the gallows with a firm step. He made a short speech in which he protested his innecence and accused a man named Storer of the crime. The trap was sprung at 4:36 o'clock. There was a dull crash and the rope parted three feet from the neck.
Without a word being spoken by any one,
the limp body was picked up, carried on
the platform and laid down, face upwards,
upon the readjusted trap. The second noose, dangling from above, was pulled down, adjusted quickly and the trap again sprung without any attempt to raise him to his feet. Then ensued a slow process of

strangulation. The trap was sprang the second time at exactly 5 o'clock.

The murder for which Rose died was a sensational one, behind which there was a romance. Rose came to Redwood county from Pike county, Illinois, where he was born Jan. 31, 1861. Here he fell in love with Miss Grace Lufkin, a pretty girl of twenty years, the daughter of Moses Lufkin. The girl reciprocated Rose's love, but on the advice of her father, refused to see her lover. Rose was angered at this, and one evening shot Lufkin dead through an open window while the latter was conversing with a neighbor. Miss Lufkin being deeply despondent, went to Chicago, where, at the home of a married sister, she

committed suicide by cutting her throat with a razor. Rose was given three trials. His case went through the State Supreme Court and the United States Supreme Court, and the Governor twice set the day for his execution.

MORE MAIL CLERKS.

Eight Additional Men to Be Put in the Railway Service-Plenty of Work.

M. G. Price and J. A. Seward, mail clerks on the P. & St. L. railway, were both injured, the former in a wreck and the latter from a strain in lifting a heavy mail sack. They are laying off and the other men are doing their work. Anent this Chief Clerk Miller, of the local railway mail service office, said yesterday: "We are soon to have eight additional clerks, and they can't begin too soon, for we are hard pressed when our present force is all on duty. There is hardly a week that some of our men are not sick or laying off from injuries received. We are not allowed to have substitutes any more, as we used to. Each man who wants to go on assubstitute must go through the same rigid training as a regular clerk, and be able to pass a civil-service examination with as high a grade, As it pow is, when a man is laying off for some good cause the other men have to do his work. They cannot stand double duty, for the mail service is peculiarly severe on the mental system, and constant, uninter-rupted duty will soon break a man down."

The organization of the American Warehouse Men's Association was completed at Chicago yesterday by the election of the following officers: James A. Green, of Detroit, president; Samuel Hazlett. of San Francisco, vice-president, and Percy Thompson, of Kansas City, secretary and treasurer. An executive committee consisting of the above, together with Robert Hewitt and C. W. Coffin, of Cincinnati, F. A. Warner, of Chicago, L. E. THE DAILY JOURNAL

At 15 Cents a Week.

On Aug. 28 the proprietors of the Journal announced that, beginning Oct. 1, the price of the Daily would be reduced to 15 cents a week, or 20 cents, including the Sunday issue. During September the subscription list increased with astonishing rapidity, and the Journal opened the month of October with a list of subscribers larger by thousands than at any previous time. The Journal, in its various editions-Daily, Sunday and Weekly-treats Home and Foreign Events of all descriptions with a fullness and completeness not attempted by any other newspaper in Indiana. Among the newspapers of the State it is pre-eminently the best, and Indiana readers can nowhere else find what they want in the way of State and local news. It circulates largely in every county in Indiana, and has correspondents in every town and village of importance. This feature of the Journal, during the ensuing year will be kept up to its present high standard of promptness and accuracy, and the service will be improved wherever it may be needed.

The Journal's market reports are prepared with the greatest care possible, and no pains or expense are spared to make them accurate and ab-

solutely reliable. The Journal is the only newspaper in the State owning and publishing all the news furnished by the two great press associations (the Western Associated Press and the United Press), in addition to which it fur. nishes an abundance of special service from all the principal cities of the country. It has been, and will in the future be, the aim of the publishers of the Indianapolis Journal to furnish a perfect and complete newspaper, deficient in no department or particular.

No Indiana reader, certainly no Indiana Republican, should be without the Journal. While it is thoroughly and soundly Republican in politics, devoted to the interests of the Republican party, the Journal will not allow its news to be colored by partisan bias, but will give the news of the day without fear or favor.

Especial attention is invited to the merits of

THE SUNDAY JOURNAL

A large, handsomely printed paper, never less than twelve pages in size, frequently sixteen or twenty, and which will be increased in dimensions as the exigencies of business may require and justice to the reader demand This issue presents a very large amount of the best current literature, including stories, poems and sketches by many of the best known and most popular writers of the time. The publishers ask examination and comparison of this issue with any paper of similar character published or sold in Indiana. The Sunday Journal can be subscribed for and received exclusive of the Daily Journal.

INDIANA STATE JOURNAL

Ammonia-everyone knows its pungent, stinging smell and its strong "eating" qualities. It is good in a soap powder, used for scouring and cleaning, but injurious in an article of food. Yet an "ammonia" baking powder trickily advertised as "absolutely pure"-but that's another item. There is no ammonia, no adulteration whatever, in

palmed off, however, as cream of tartar powders.

There are Many Kinds.

THE best are pure cream of tartar baking powders.

Cleveland's is in this class and the best in the class.

There are baking powders adulterated with ammonia,

Cleveland's Superior Baking Powder. "Alum" baking powders are cheap and dear-cheap, because they are made for about four cents a pound and sold for about twenty; dear, because they do less than half as much as a strictly pure cream of tartar powder, and
